Ms. Konnie and Ms. Leandra

In Room 10 Ms. Konnie and Ms. Leandra's AM/PM Pre-K, the children got to explore with a Fairy Tale Problem Solving Kit- Three Billy Goat Gruff. The children get to use design process, exploring cause & effect, experimenting with structural stability, gravity and force. The children had the story read to them and they had to work together to make the bridge (teamwork), the kids got to use vocabulary to expand learning and using problem solving skills. Our children really enjoyed the different ways you can have a story read to you.

100 Days of School Ms. Bekes and Ms. Athena

"Our Kindergarten students celebrated 100 Days of School. It is a huge milestone in Kindergarten. A lot of the students worked on their projects with family and returned them to school. There were some pretty creative projects throughout the Kinder hallway."

The BECC Scoop

The BECC Scoop is written by the staff and students at BECC. Each month a different staff member will submit pictures and articles. Thank You for reading The BECC Scoop. Evan Glass

A little bit extra

This is an intervention done by Team 2 Kindergarten teachers for students who are above grade level. This takes place on Friday afternoons. Four teachers take turns so that there are different activities every week. This week Ms. Linda had students using magnifying glasses and microscopes. Students acted as gas water molecules and solid water molecules. Students discussed how to sort things by what they are made of.

Reader's Theater

The week of February 27 through March 3rd our students performed for students, parents, and staff. The students read, acted out books, and performed rhymes. They did an exceptional job! Thank you family members for attending.
