23

8:30-9:30

**Review Kindergarten
Middle of Year (MOY)
Data:**

**New 90 Day Plan is
currently being reviewed
by cabinet members:**

Student Safety:

**Any other concerns,
ideas, and/or
suggestions:**

BECC Parent Advisory Council Meeting January 23, 2018

Review Kindergarten Middle of the Year Data

Reviewed kindergarten MOY Istation Reading and Istation Math data as well as NWEA MAPS Reading and Math.

The data is on the BECC website for anyone to access and view.

Istation is updated on a monthly basis.

NWEA is taken at the beginning of the year, middle of the year, and end of year. We will attach the end of year data in May.

We have already surpassed our EOY goals.

New Spring 90 Day Plan

The draft 90 Day Plan is currently being reviewed by the cabinet members and feedback will be provided this Friday.

The revisions will be completed by next week.

We will review the 90 Day Plan next month.

Student Safety

The new District Resource Officer, D. Brown attended the meeting.

He is housed at the high school.

He would like to do some training at the schools so students see the police in a positive environment. Officer Brown asked what kind of training's the parents would like to see (seat belt, stranger danger).

Parent stressed the concerns of the highway; Officer Brown let us know that it's a state highway so if we want to have a school zone they would have to do a study on the number of accidents. He has put in a call to the state to see what can be done.

He also said that when Blanco needs officers, the state police are the ones who respond and they have more man power than Bloomfield police.

Next meeting will be Feb 27th at 8:30
